The Project is specifically tailored to respond to the needs of Azerbaijan in the area of the fight against money laundering, terrorist financing and asset recovery. This project represents a continuation of actions to strengthen capacities to fight and prevent corruption (2015-2017) and to strengthen anti-money laundering (2018), implemented in the country within the first phase of the PGG programme. It has been designed to contribute to the EU 2020 targets set out in priority area “Strengthening the rule of law and anti-corruption mechanisms,”² and is aligned with the cooperation priorities identified in the EU-Azerbaijan Action Plan, and Council of Europe Action Plan for Azerbaijan 2018-2021.
