

# Species Check List

- ✓ To be aligned with the species check list as for N2000:  
[https://bd.eionet.europa.eu/activities/Natura\\_2000/reference\\_portal](https://bd.eionet.europa.eu/activities/Natura_2000/reference_portal)
- ✓ Takes into account recent taxonomic changes with guidelines on which species code and name to be used (see example)
- ✓ The creation of such a table is to be considered as a separate task for the near future

## Natura 2000 Species Check List: example
