List of Designation Types

✓ **During the Emerald pilot projects phase or start of the ore elaborated projects, a designation type list for all Emerald countries was developed together with the national teams**

✓ **Type list and coding are in line with CDDA principles (Common Database on Designated Areas, managed by EEA)**
https://www.eea.europa.eu/data-and-maps/data/nationally-designated-areas-national-cdda-12

✓ **Need to update the lists, not only for the description of the Emerald sites (SDF), but also for other initiatives such as SEBI indicators (Streamlining European Biodiversity Indicators)**

✓ **Database according to the new CDDA data structure (INSPIRE based)**

✓ **5 out of 6 ENI countries + Andorra already updated the list**
