sharing relevant data and information with

our cooperation with IGLYO:

- LGBTQI Inclusive Education survey translated to Ukrainian and promoted (more than 900 responds gathered)
- data on Ukraine will be included in All-European LGBTQI Inclusive Education report
- conducted a workshop “Working with Allies” at the AMC 2019 (Tymur Levchuk and Yana Tovpeko)
- in 2019 Fulcrum UA member Yana Tovpeko has been elected to IGLYO Executive Board (term 2020-2021)

IGLYO ANNUAL MEMBERS' CONFERENCE 2019

our conclusions

- it is crucial to provide support and information in time for the target group when they really need it (in 2018 Ukrainian Parliament adopted anti-bullying law but where is no recommendations how to prevent bullying and violence in schools)
- we are not alone! even LGBT-organization can find partners (for us it was Educational Department of City Council and Kyiv Youth Center - be ready to answer the questions and move forward step by step)
- help and not criticize teachers and staff (they are afraid to make changes but it doesn` t mean that they don` t want it; be open, patient and friendly)

to sum up...

we got opportunity to work with more than 500 teens and received financial support from City Council - it was the first time in Ukraine
