First Meeting of National Co-ordinators

12-14 May 2014, Wépion (Namur), Belgium

About the meeting

Draft Programme
ABOUT THE MEETING

Aims and Objectives

The meeting of and with national co-ordinators is organised to bring together key actors in the European and national campaigns, to exchange experiences and realities and to co-ordinate the national and European levels of the campaign. The specific objectives are to:

1. improve communication, networking and co-operation among NCCs and with the European co-ordination;
2. update each other on the state of implementation of the campaign;
3. plan together the next steps and co-ordinate the future phases of the campaign
4. exchange practices and achievements
5. advise the European co-ordination and the Follow-up Group of the No Hate Speech Movement on the future planning of the campaign.

Methodology and facilitation

The co-ordination meeting will be very much based on sharing of practices, realities and challenges. Active involvement of all participants is essential. National co-ordinators should thus prepare themselves by consulting with their national committees and volunteers/activists on the issues set out in the draft programme. The programme is deliberately a draft and is subject to change so as to take into account the proposals of the participants.

The facilitation of plenary sessions will be organised by the secretariat of the Youth Department of the Council of Europe with the support of a facilitator. Participants are asked to volunteer to facilitate and act as rapporteurs for the working groups.

The Open Space/Sharing session (Tuesday, 17:30) is a space where we invite the participants to present anything – especially in terms of experiences, methods, activities... - that they would like to share with others. Think about what you would like to share.

Participants

Some 45 participants are expected, including virtually all the national campaign co-ordinators, two online activists, members of the Follow-up Group and the secretariat of the European co-ordination.

What to bring

In addition to the preparation and consultations suggested above, participants are invited to bring along with them:

a) any campaign presentations (videos, electronic presentations) to support the presentation of the state of affairs of the national campaigns on Tuesday (we have foreseen an average of 4 minutes per campaign);
b) campaign communication materials and gadgets to share in the Information market on Monday evening;
c) any drinkables or edibles to share during and after the Information market 😊
d) the updated table with the status of the campaign (if not yet sent to the secretariat in Strasbourg).
Monday 12 May
