High-Level Conference on Social Rights

The European Social Charter

18-19 March 2026, Chișinău, Republic of Moldova

Draft Programme

Building on the 2023 Reykjavík Declaration and the 2024 Vilnius Declaration, the 2026 High-Level Conference on the European Social Charter will focus on strengthening the protection and implementation of social rights across Europe. The Conference aims to promote wider ratification and acceptance of the Charter, reinforce political commitment and partnerships, and highlight the Charter's role as a foundation of the European human rights system.

Discussions will examine the contribution of social rights to democratic stability and security, efforts to reduce inequality, and the prevention of democratic backsliding, including in the context of the New Democratic Pact for Europe. Participants will also address key challenges linked to the future of work, particularly those arising from technological change.

Ministers and senior officials will review progress in the ongoing Charter reform process, with the opportunity to take on further commitments during a dedicated treaty event.

The Conference will conclude with the adoption of a Declaration reaffirming the collective commitment to social rights and to the European Social Charter.
