Tender Procedure for the Pool of International Consultants – Questions and Answers

We would like to understand if a **Bar Association** of a different country itself would be entitled to tender to the different lots?

As per the tender terms, “the tenderer must be either a natural person, or a duly registered company under sole proprietorship of a natural person, or equivalent, provided that the signatory of the Act of Engagement is individually liable for all obligations undertaken by the entity and is the owner of the moral rights in any creations of the entity”. Therefore, other Bar Associations cannot tender themselves; however, lawyers united in in these associations are welcome and encouraged to tender to the different lots for consultancy services.
