FAQ

Q1: Could you please confirm whether registration in Georgia is a mandatory eligibility requirement for all tenderers, or whether foreign companies may participate directly, through a consortium, or through local partners?

A1: According to the provisions set out in the Tender File (TF), registration in Georgia is an eligibility criterion for participation in this tender. Only companies that are legally registered in Georgia are eligible to participate.

Q2: Could you please confirm whether a company legally established and registered in Belgium is eligible to participate in the tender procedure? If a Belgian company is not eligible to participate on its own, could you please confirm whether a Belgian company may participate as the lead member of a consortium/joint venture together with a company duly registered in Georgia? Furthermore, in the case of a consortium/joint venture, could you please clarify whether the requirement of being registered in Georgia applies to all consortium members, or whether it is sufficient for only one consortium member to be registered in Georgia?

A2: As set out in the Tender File (TF), registration in Georgia is an eligibility criterion for participation in this tender procedure. This means that only companies that are duly registered in Georgia are eligible to participate, either individually or as part of a consortium. The requirement is that all members of a consortium must separately and individually satisfy all eligibility criteria, any member not meeting these criteria will not be accepted within a consortium.

Q3: We would be grateful if you could kindly clarify one point for us: as a Turkish agency, are we eligible to participate in this tender?

A3: According to the provisions set out in the Tender File (TF), registration in Georgia is an eligibility criterion for participation in this tender. Only companies that are legally registered in Georgia are eligible to participate. Similarly, in the case of a consortium, all participating members must separately and individually satisfy all eligibility criteria, any member not meeting these criteria will not be accepted within a consortium.
