

Question and answer for the Tender call for provision of event management services in Croatia

*Can we just apply for the services in Dubrovnik as we are specialists for Dubrovnik - Neretva County?*

Depending on the scope of services for which you wish to apply, you can select the relevant Lots on the Act of Engagement. Regarding Appendix 1, you may fill in only the rows related to Dubrovnik. If you are also planning to offer the rest of the services (Appendixes 2-4), these Appendixes should be equally filled in.
