

Q&A for Call for Tender - Local Consultancy Services

Question: What to indicate in the application email subject line when submitting the documents?

Answer: Please see the tender file section A. Tender Rules: Tender – intellectual services for civil dialogue

Question: If I receive a proposal to participate in the project (win the tender), do I have to register with the GoG, or does the COE take this responsibility? (Taking into consideration incoming amendments in the law on grants)?

Answer: The project involving the consultancy is implemented within the framework of the Council of Europe Action Plan for Georgia 2024-2027.

Please note that the sole inclusion in a pool of consultants does not create financial obligations neither for the Council of Europe nor for the consultant.

Question: Can I participate in the second tender at COE, which is happening at the same time?

Answer: Yes, you can participate in other tenders as well.
