Clarification questions to the tender documents

1. How many candidates might be presented for each lot? Is there some limitation on maximum or minimum number of experts?

Answer: The maximum number of providers to be selected is 20 for each specific lot.

2. Considering the Romanian language as one of the eligibility criteria, are the Romanian nationality experts eligible?

Answer: In line with the eligibility and award criteria from the Tender File of the Call for Tenders, the experience and expertise of the bidders are the differentiators and not their nationality. Thus, the Romanian nationality experts are eligible if they meet the eligibility and award criteria from the Tender File.
