This project is a bilateral project with Azerbaijan implemented under the Partnership for Good Governance Programme (phase II also referred to as PGGII).

In April 2014, the European Union and the Council of Europe agreed that targeted co-operation activities with Armenia, Azerbaijan, Georgia, Republic of Moldova, Ukraine and Belarus – the EU's Eastern Partnership countries – would be implemented under the Partnership for Good Governance.

These co-operation activities will strengthen the capacity of Eastern Partnership countries, which are member States of the Council of Europe, with the exception of Belarus, to implement domestic reforms to bring them closer to European standards in the fields of human rights, democracy and the rule of law.
