

RECOMMENDATION ON INTERNATIONAL ACCESS QUALIFICATIONS

Adopted at the First meeting of the Committee of the Lisbon Convention on the Recognition of Qualifications Concerning Higher Education in the European Region, Vilnius, 16 June, 1999.

PREAMBLE

The Parties to the Convention on the Recognition of Qualifications concerning Higher Education in the European Region (the Lisbon Recognition Convention),

Conscious of the fact that the right to education and freedom of choice is a human right and that a fair recognition of qualifications is a key element of the right to education and a responsibility of society;

Taking into account the growing diversity in educational systems throughout Europe and the world and the multitude of alternative ways of learning available to students;

Having regard to the increasing internationalisation of higher education as well as of education giving access to higher education;

Considering that any recommendation adopted under the aegis of the Council of Europe and UNESCO should promote international understanding and tolerance and foster mutual confidence and peace among peoples and nations;

Considering that international access qualifications facilitate international academic mobility, one of the major objectives of UNESCO and the Council of Europe;

Having regard to the Lisbon Recognition Convention and in particular Section IV which addresses the Recognition of Qualifications giving Access to Higher Education;

Taking into account that the Lisbon Recognition Convention concerns the recognition of qualifications belonging to the education systems of the Parties and therefore does not cover international access qualifications;

Considering that Article X.2.5 of the Lisbon Recognition Convention foresees the elaboration of recommendations, declarations and protocols as subsidiary to the Convention, and that while Parties are not legally bound by such texts, they should use their best endeavours to encourage their application;

Considering, however, that an international recommendation addressing the recognition of international access qualifications is timely and necessary;

have agreed as follows:

I. DEFINITION

For the purpose of this Recommendation, International Access Qualifications refer to secondary school leaving qualifications awarded upon completion of a programme:

- distinct from the programmes offered within national education systems
- administered by one or more bodies external to national education systems
- having an international orientation and scope per se
- meeting the general requirements for access to higher education

- subject to well-defined and transparent quality assurance mechanisms
- incorporating a core curriculum of sufficient academic rigour.

II. RECOMMENDATIONS

A. TO THE PARTIES OF THE LISBON RECOGNITION CONVENTION

2. The Parties are encouraged to acknowledge the merits of an International Access Qualification, taking into account the core curriculum and the academic rigour of the programme in resolving possible differences.

4. The Basic Principles as laid down in Section III of the Lisbon Recognition Convention shall apply to the assessment of International Access Qualifications.

7. Each Party should take all possible measures to widely disseminate the provisions of the present Recommendation.

4. Each Provider should see to it that students are fully informed of the provisions of the present Recommendation.
