

ANNUAL CONFERENCE OF DRUG CONTROL NETWORKS

The Pompidou Group has reshaped its law enforcement activities on trafficking through airports, general aviation, precursors control and drugs related cybercrime. In recognizing common thematic interests among these sectors we have evolved from expert working groups to an annual conference format. The conference will integrate previous networks into a broader conference format allowing for more synergies between different law enforcement, border control, and custom services. Plenary sessions in the mornings will address topics of overarching interest followed by specific specialised sessions in the afternoons.

6-8 December 2023 | Council of Europe
Strasbourg, France
