ENLARGED PARTIAL AGREEMENT ON SPORT (EPAS)

“Inclusion and Protection of Children in and through Sport”

**Conference co-organised by EPAS and the Hungarian Secretariat of Sport
in co-operation with the Council of Europe’s ONE in FIVE Campaign
to stop sexual violence against children**

7-8 October 2013

Hotel Novotel Budapest Centrum, Hungary

REPORT BY THE EPAS SECRETARIAT

The EPAS political conference on diversity issues 2013 was co-organised by the Enlarged Partial Agreement on Sport of the Council of Europe – in co-operation with the Council of Europe's ONE in FIVE Campaign - and the Ministry of Human Resources of Hungary.

The seminar was opened by Mr Zoltán Balog, Minister of Human Resources, Hungary, Ms Maria Ochoa-Llido, Director ad interim of Human Rights and Antidiscrimination, Council of Europe and Mr Emilio Butragueño Santos, Director of Institutional Relations, Real Madrid FC.

The presentations made at the seminar are available on the EPAS website (www.coe.int/EPAS) under the "Studies and Report" section. Minutes of the Conference are published under reference EPAS(2013)70.

The EPAS Executive Secretary noted the following positions expressed by participants at the Seminar, which will be reported to the Bureau of the EPAS Governing Board:

- The Conference appreciated contributions from and participation of experts from different backgrounds: sport (ministries + sports organisations), Human rights, Child protection, Migrations, Social cohesion, ... at the conference.
- The Conference expressed interest for further EPAS activities on the inclusion and protection of children in sport, at a European or regional level.
- Regarding the inclusion of Roma Children in and through sports two kinds of events were suggested, in particular :
 - Possible organisation by EPAS of regional seminars to bring together managers of relevant projects
 - to exchange information and share good practices
 - to share information about funding possibilities in order to increase the number of projects targeting Roma people.
 - EPAS may also share the experiences of approaching young Roma people through sport to involve them in education, with those authorities and organisations which are working on Education for all.
- The Conference expressed appreciation for the useful recommendation adopted by the Committee of Ministers on the protection of young athletes from dangers associated with migration. They invited the CoE to further disseminate and promote the recommendation and suggested three ways :
 - the project "Pro Safe Sport for Young Athletes (PSS)" – provided it is accepted by the EU Commission.
 - Co-operation with sport organisations which are members of the EPAS Consultative Committee
 - the film Black Diamonds by Miguel Alcantud (Spain).
- Concerning the issue of sexual harassment/abuse, the Conference stressed the need for the use of clear and simple language to break taboos. Moreover it suggested two possible follow-up actions to make sports organisations more aware and to sensitise that issue more persistently:
 - Use the co-operation between with the EPAS and the Pestalozzi Programme of the Council of Europe to address the right to physical integrity and in particular prevention of sexual harassment and abuse in the educational programmes of coaches.
 - Co-operate with the 1 in 5 campaign and organise with them an event with sport organisations to bring this topic at the top of the agenda of sport organisations.
