B. EXPECTED DELIVERABLES

Background of the Project

The consultancy services are to be delivered in the framework of the Project "Co-operation for the implementation of the Russian Federation National Action Strategy for women (2017-2022): applying best practices". The project is co-funded by the European Union and the Council of Europe.

The project builds on the lessons learned of the project "[Co-operation in the implementation of the Russian Federation National Action Strategy for Women \(2017-2022\)](#)" which ended in May 2020.

The project focuses on two areas: women's political participation and violence against women and domestic violence. It aims at further promoting the role of women in society and in public and political decision-making and to prevent and combat violence against women and domestic violence, thereby contributing to mobilise all relevant actors in favour of women's human rights. All outputs are especially conceived to contribute to the practical implementation of the National Action Strategy for Women (2017-2022) addressing some of remaining issues. The methodology for delivering results rests on good practices exchanges and peer-to-peer events.

The Council of Europe is looking for establishing a pool of maximum of 3 Providers (provided enough tenders meet the criteria indicated below) in order to support the implementation of the project with a particular expertise on women's participation in public and political decision-making at various levels in the Russian Federation, women's empowering and developing of the relevant trainings/methodologies/activities/reports, etc.

This Contract is currently estimated to cover up to 5 activities, to be held by 17 March 2023. This estimate is for information only and shall not constitute any sort of contractual commitment on the part of the Council of Europe.
