PROMOTING VALUES THROUGH SPORT

Sport brings people together. At its best, it contributes (...) to the creation of inclusive, democratic societies which respect human rights and the rule of law – the Council of Europe’s raison d’être.

“Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope, where once there was only despair. It is more powerful than governments in breaking down racial barriers. It laughs in the face of all types of discrimination.”
