A. Terms of reference / Table of fees

The Council of Europe is currently implementing the Project "Safeguarding Freedom of Expression and Freedom of Media in Ukraine" (hereinafter "the Project") within the Action Plan for Ukraine "Resilience, Recovery and Reconstruction" (2023-2026) (hereinafter "the Action Plan for Ukraine"). Within this framework co-operation, the Council of Europe intends to directly address consequences of the armed aggression in Ukraine, by facilitating specific actions of key public service institutions in the country.

One of the priority measures in the Council of Europe Action Plan for Ukraine 2023-2026 aims to provide further support to the promotion of the efficient information and communication strategy capacities at the Prosecutor General Office of Ukraine (hereinafter "the PGO") based on the achievements of the previous Action Plan. More specifically, continuing the support provided to the PGO in September-December 2022 in ensuring proper implementation of the Office's communication strategy targeted at domestic and international audiences. This work, among others, will include:

The **PGO's communication activities** use both traditional media channels – print press, television, and radio – reached mostly (indirectly) through press communiques, conferences and briefings. Meanwhile, direct communication activities are enacted through digital channels, via the official website of the PGO and on social media networks.

In view of the **current situation in Ukraine**, the (strategic) communication activities are expected to follow the '*Strategic Communication Principles*' that are in line with the Council of Europe mandate and mission, and focus on:

- Transparency of rationale, purpose and process;
- Accountability of actors, processes and outcomes;
- Engagement of various publics in process; and
- Reflexivity on purpose, process and outcomes.

These **Strategic Communication Principles** – namely *Transparency, Accountability, Engagement, and Reflexivity* – is expected to be mainstreamed in all support actions, activities and interventions provided/enacted by the Council of Europe and its engaged expertise to be provided to the PGO. Also, the Council of Europe's support to the PGO in times of the war should keep focusing on the main pillars of Human Rights-Democracy-Rule of Law in a strategic manner, and underscore the involvement in media development, media policy and strategic communications, taking also into account the various potential alternative reconstructions after the war.

The **strategic communication activities** should target three core constituencies:

1. The Ukrainian population (especially those who suffer from criminal activities) to give voice to those who are directly involved in the events.
2. Ukrainian refugees currently residing in the EU countries (potential victims and witnesses of war crimes).
3. The local and global media that may amplify the voices of actors and stakeholders on the ground.
4. The international legal/political community that may transduce the voice of local stakeholders and authorities to an international playing field.

In that context, the Council of Europe through its Action Plan for Ukraine "Resilience, Recovery and Reconstruction" (2023-2026) and the Project "Safeguarding Freedom of Expression and Freedom of Media in Ukraine", is seeking to engage a Provider to provide services of support and advice to the PGO in the implementation of the communication strategy in times of war.

The services sought will be directly accountable and managed through the Division for Co-operation of Freedom of Expression, Information Society Department, DG-I, Council of Europe. Such services will be

mostly of the nature of on-line regular meeting exchanges and advice, document/content review and development as well as information sharing and *advisory note*'exchanges.
