

TENDER FILE / TERMS OF REFERENCE (Competitive bidding procedure / One-off contract)

Contract No. 9157/2023/07

Purchase and installation IT and server equipment with software for the State Enterprise "Reintegration and Recovery"

The Council of Europe is currently implementing the Project "Facilitating housing solutions for the war-affected people in Ukraine" (the Project) in the framework of the Council of Europe Action Plan for Ukraine: Resilience, Recovery and Reconstruction 2023-2026 which aims to provide technical and expert support in developing sustainable housing solutions for displaced and war affected people in Ukraine through an inclusive and participatory approach, including the strong engagement of civil society, internally displaced persons (IDPs) and the war-affected people.

Upon request from the Ministry for Reintegration of the Temporarily Occupied Territories of Ukraine the Council of Europe through the Project provides technical support to the national partners aimed to equip the State Enterprise "Reintegration and Recovery" (the Recipient) with IT and server equipment that will facilitate data storage, processing and transmission to ensure compensation for the costs related to free temporary accommodation of IDPs by the householders. The IT and server equipment will be also used for storing data pertaining to mapping and documenting the damaged and destroyed housing at the local level.

In that context, the Council of Europe is looking for a Provider with a comprehensive expertise in the supply and installation of server room with data storage as well as configuration of network equipment, server equipment and virtualization systems This tender procedure aims to conclude a one-time contract for the delivery of the products described in more detail in the Technical Requirements for IT and server room Equipment (Appendix I).

A. TENDER RULES

This tender procedure is a competitive bidding procedure. **In accordance with Rule 1395 of the Secretary General of the Council of Europe on the procurement procedures of the Council of Europe¹, the Organisation shall invite to tender at least three potential providers for any purchase between €2,000 (or €6,000 for intellectual services) and €55,000 tax exclusive.**

This specific tender procedure aims at concluding a **one-off contract** for the provision of deliverables described in the Contract (See attached). A tender is considered valid for 180 calendar days as from the closing date for submission. The selection of tenderers will be made in the light of the criteria indicated below. All tenderers will be informed in writing of the outcome of the procedure.

The tenderer must be a legal person or consortia of legal and/or natural persons.

Tenders shall be submitted **by email only** (with attachments) **to the email address indicated in the table below, with the following reference in subject: Tender - 9157/2023/07**. Tenders addressed to another email address **will be rejected**.

The general information and contact details for this procedure are indicated on this page. You are invited to use the Council of Europe Contact details indicated below for any question you may have. **All questions shall be submitted at least 5 (five) working days before the deadline for submission of the tenders and shall be exclusively addressed to the email address indicated below with the following reference in subject: Questions - 9157/2023/07.**

Type of contract ►	One-off contract
Duration ►	Until complete execution of the obligations of the parties (See Article 2 of the Contract)
Deadline for submission of tenders/offers ►	27 November 2023

¹ The activities of the Council of Europe are governed by its [Statute](#) and its internal Regulations. Procurement is governed by the Financial Regulations of the Organisation and by [Rule 1395 of 20 June 2019 on the procurement procedures of the Council of Europe](#).

Email for submission of tenders/offers ►	oleksandr.kotenko@coe.int
Email for questions ►	oleksandr.kotenko@coe.int
Expected starting date of execution ►	01 December 2023

B. EXPECTED DELIVERABLES

The expected deliverables are described in **Technical Requirements for IT and server Equipment (See Appendix I)**.

C. FEES

All tenderers are invited to submit a **financial offer (see Appendix II Financial offer for the estimated IT and server equipment to the Contract)**.

Should the Provider be willing to further break down its financial offer, it is invited to do so on a separate sheet, attached to the other supporting documents.

Payment of the Provider's fees will be in accordance with the following:

- advance payment: up to 50% of total sum in EUR;
- final payment - the remaining sum in EUR within 30 calendar days after submission of the invoice subject to the submission of the Deliverable(s) described in the Financial offer for the estimated IT and server equipment and its/their acceptance by the Council of Europe.

D. ASSESSMENT

Exclusion criteria and absence of conflict of interests

(by signing the Contract and the **Declaration of Agreement**, you declare on your honour not being in any of the below situations).²

Tenderers shall be excluded from participating in the tender procedure if they:

- have been sentenced by final judgment on one or more of the following charges: participation in a criminal organisation, corruption, fraud, money laundering, terrorist financing, terrorist offences or offences linked to terrorist activities, child labour or trafficking in human beings;
- are in a situation of bankruptcy, liquidation, termination of activity, insolvency or arrangement with creditors or any like situation arising from a procedure of the same kind, or are subject to a procedure of the same kind;
- have received a judgment with res judicata force, finding an offence that affects their professional integrity or serious professional misconduct;
- do not comply with their obligations as regards payment of social security contributions, taxes and dues, according to the statutory provisions of their country of incorporation, establishment or residence;
- are an entity created to circumvent tax, social or other legal obligations (empty shell company), have ever created or are in the process of creation of such an entity;
- have been involved in mismanagement of the Council of Europe funds or public funds;
- are or appear to be in a situation of conflict of interest;
- are retired Council of Europe staff members or are staff members having benefitted from an early departure scheme.

Eligibility criteria

Tenderers should demonstrate that they fulfil the following criteria:

- are registered as a legal entity or a private entrepreneur which is authorised to supply IT and server equipment;
- have at least 2 years of experience in the supply and installation of IT items, server equipment.

² The Council of Europe reserves the right to ask tenderers, at a later stage, to supply the following supporting documents:

- An extract from the record of convictions or failing that an equivalent document issued by the competent judicial or administrative authority of the country of incorporation, indicating that the first three and sixth above listed exclusion criteria are met;
- A certificate issued by the competent authority of the country of incorporation indicating that the fourth criterion is met.

Award criteria

- Quality of the offer (60%), including:

- Quality of the IT and server equipment proposed – compliance with technical requirements in specification indicated in Appendix I below; the producer of equipment should have sustainable reputation and competitive advantage on the market; all items must have warranty from the producer; additionally, provider is expected to give 12 months guarantee with on-site intervention if needed (50%);

- Timeframe for the delivery and installation of equipment (10%).

Preference will be given to companies with sustainable reputation with competitive advantage.

- Financial offer (40%).

Multiple tendering is not authorised.

E. NEGOTIATIONS

The Council reserves the right to hold negotiations with the bidders in accordance with Article 20 of Rule1395.

F. DOCUMENTS TO BE PROVIDED

Tenderers are invited to submit:

- A **completed** and **signed** copy of the **Appendix II Profile and extended description of the proposed equipment and services to Tender file** (see document attached);
 - A **completed** and **signed** copy of the **Contract (see document attached)**³ with all applications:
- Appendix II Financial offer for the estimated IT and server equipment;
- Appendix III – Declaration of agreement;
- Registration documents for legal persons;
 - A list of all owners and executive officers, for legal persons only;
 - Portfolio of 3 similar projects implemented or 3 references from previous clients.

All documents (except for registration documents) shall be submitted in English, failure to do so will result in the exclusion of the tender.

If any of the documents listed above are missing, the Council of Europe reserves the right to reject the tender.

The Council reserves the right to reject a tender if the scanned documents are of such a quality that the documents cannot be read once printed.

³ The Contract must be completed, signed and scanned in its entirety (i.e. including all the pages). The scanned Contract may be sent page by page (attached to a single email) or as a compiled document, although a compiled document would be preferred. For all scanned documents, .pdf files are preferred

Appendix I - Technical Requirements for IT and server equipment

Below are the minimum technical requirements provided by the Recipient

Deliverables ▼	Unit ▼	Number of Units ▼
EQUIPMENT		
Server: 1x - Intel Xeon® Silver 4316 2.3G, 20C/40T; 8x - 16GB RDIMM, 3200MT/s, Dual Rank; 1x - PERC H755 Adapter LP; 2x - 480GB SSD SATA Read Intensive 6Gbps; 1x - Broadcom 57414 Dual Port 10/25GbE SFP28, OCP NIC 3.0;	Per item	2
Data storage system: 5x - 960GB SSD SAS Read Intensive 12Gbps 1x - 25Gb iSCSI 8 Port Dual Controller	Per item	1
Red Hat Enterprise Linux Virtualization Platform for 2 - nodes	Per item	1
SFP+ mm duplex 850nm	Per item	20
Optical patch cord mm lc-lc 3m	Per item	10
DAC 1m qsfp+ (40Gbe) mikrotik	Per item	2
Network equipment configuration works		
Development of network topology. Network equipment configuration: <ul style="list-style-type: none"> • Fortinet FG-100F; • Mikrotik CRS354-48P; • Mikrotik CRS354-48P. Setting up services for network cyber protection on Fortinet FG-100F.	Per item	1
Configuring server equipment and virtualization system works		
Initial configuration of data storage and computing servers. Installation of the virtualization system on computing servers, cluster settings, connection to the data storage system. Setting up the virtualization system.	Per item	1

The Supplier should provide complete installation, set-up, configuration, and adjustment of the whole system.

The Supplier should provide written manuals and technical documentation, including schemas.

The supplier should provide training for personnel, one month's hotline support and onsite intervention at the request of the client.

Guarantee from the provider at least 12 months with onsite intervention.

Appendix II – PROFILE AND EXTENDED DESCRIPTION OF THE PROPOSED EQUIPMENT AND SERVICES

APPLICANT'S PROFILE

Description which proof that provider has relevant experience in the field of providing similar services (at least for 2 years)

TECHNICAL SPECIFICATION OF THE PROPOSED IT EQUIPMENT

Minimum technical requirements	Title of the proposed IT equipment (please fill in what you proposed)	Link to the product	Warranty period	Technical specification of the proposed IT equipment (in the part that is not covered by the minimum technical specification requirements or supersede them, <u>if any</u>)	Deadline of the provision of deliverables
Server: 1x - Intel Xeon® Silver 4316 2.3G, 20C/40T; 8x - 16GB RDIMM, 3200MT/s, Dual Rank; 1x - PERC H755 Adapter LP; 2x - 480GB SSD SATA Read Intensive 6Gbps; 1x - Broadcom 57414 Dual Port 10/25GbE SFP28, OCP NIC 3.0;
