B. EXPECTED DELIVERABLES

Background of the Project

Barnahus is a leading European model for a child-friendly multidisciplinary and interagency response to child sexual abuse.

Ireland successfully implemented the Children First Act 2015, which introduced mandatory reporting of suspected child abuse. In 2019 the DCEDIY provided finance to support the implementation of a pilot "One House" Barnahus project in Galway, which is part of the PROMISE II project. The centre in Galway, known as Barnahus West, began receiving referrals in November 2020 and the Child and Family Agency (Tusla), the Health Service Executive (HSE) and the National Police (An Garda Síochána) are able to provide their services under the same roof. The current project sets to address the challenges faced during the implementation of the pilot and to facilitate the roll out of the Barnahus model in the South (Cork) and East (Dublin).

The project has two main outputs:

1. The three Barnahus sites are initiated: the design and operations are set up, well coordinated and standardised
2. The Barnahus model is integrated into practice and staff is confident in its use and in applying interagency processes

The Council of Europe is looking for a maximum of 10 Providers (provided enough tenders meet the criteria indicated below) to support the implementation of the project with a particular expertise on legal and policy review and analysis of Irish legal framework on child sexual abuse and exploitation, the making of recommendations, and development of tools to further implement the Barnahus model in Ireland, with a focus on interagency coordination and data sharing agreements.

This Contract is currently estimated to cover up 10 activities, to be held by 11 February 2025. This estimate is for information only and shall not constitute any sort of contractual commitment on the part of the Council of Europe. The Contract may potentially represent a higher or lower number of activities, depending on the evolving needs of the Organisation.

For information purposes only, the total budget of the project amounts to 666,667 Euros and the total amount of the object of present tender **shall not exceed 60,000 Euros tax exclusive** for the whole duration of the Framework Contract. This information does not constitute any sort of contractual commitment or obligation on the part of the Council of Europe.

Scope of the Framework Contract

The pre-selected Providers may be requested to work independently or as part of a team with other Provider(s). Throughout the duration of the Framework Contract, pre-selected Providers may be asked to provide the following types of services:

- Making of recommendations on interagency response mechanisms to child sexual exploitation and abuse, e.g. the Barnahus model
- Development of interagency coordination and data sharing tools for the implementation of the Barnahus model in Ireland.

The above list is not considered exhaustive. The Council reserves the right to request deliverables not explicitly mentioned in the above list of expected services, but related to the field of expertise object of the present Framework Contract for the lot concerned.

In terms of **quality requirements**, the pre-selected Service Providers must ensure, *inter alia*, that:
