The UK sites included in the Natura 2000 Network are already Emerald Network sites and that will be the case for UK sites which are included in the Natura 2000 Network as at the end of December 2020. The listing for UK sites takes effect as of 11 pm GMT on 31 December 2020. Figures regarding the number of species and habitats could not be retrieved from the national Emerald Network database delivered by the UK at the time the draft list of Areas of Special Conservation Interest was prepared.
