STOP SEXUAL ABUSE OF CHILDREN IN SPORT
About one in five children in Europe are victims of some form of sexual violence.

The vast majority of children are victims of people they trust.

About one third of abused children never tell anyone.

Sexual abuse often leaves scars for life.

But ...

... it doesn’t have to be that way.
It can be prevented!

Sport is great for children. It brings joy and develops healthy habits. It boosts self-esteem and creates a sense of belonging.

Through sport, children adhere to key values and learn important life skills.

But ...

... abuse happens in sport too.
It is hard for children to speak up.

Give children a voice.
Be a silence breaker.
Start to talk.
